Message: Transmitted herewith for filing in the above-identified application is a Request for Corrected Filing Receipt. If you do not receive all pages, or if you have problems receiving this transmittal, please call Wayne Rupert at (503) 226-7391.

In re application of: Keefer et al.

Application No.: 09/808,715

Filed: March 14, 2001

For: ELECTRICAL CURRENT GENERATION SYSTEM

Examiner: To be assigned

Art Unit: 1745

Date: March 5, 2003

CERTIFICATE OF FACSIMILE

I hereby certify that this correspondence and any documents referred to as being transmitted herewith are being facsimile transmitted to the Patent and Trademark Office via fax number (703) 746-9195 on March 5, 2003.

Wayne W. Rupert
Attorney for Applicant

Applicant has received the official Filing Receipt for the above-identified patent application, copy attached as Exhibit A. A corrected Filing Receipt is requested for the following reason:

- 1) The Domestic Priority Data as Claimed by Applicant is incorrect. Listed as "THIS APPLICATION IS A CIP OF PCT/CA99/00823 09/14/1999 WHICH CLAIMS BENEFIT OF 60/100,091 09/14/1998". Should be listed as "THIS APPLICATION IS A CIP OF PCT/CA99/00823 09/14/1999 WHICH CLAIMS BENEFIT OF 60/100,091 09/14/1998 AND CANADIAN PATENT APPLICATION NO. 2,274,240 FILED 06/10/1999".

The originally filed application specification on page 1, lines 5-8, identified and claimed priority to the Canadian priority application. In addition, the international application from which the present application claims benefit also claimed priority to the Canadian priority application. Accordingly, applicant respectfully requests that a corrected Filing Receipt Document be issued and forwarded to applicant's attorney for this application.

Should any further information be desired concerning this matter, please telephone the undersigned.

- ☒ Please charge this fee and any additional fees that may be required in connection with filing of this Request for Corrected Filing Receipt to Deposit Account 02-4550.

Date Mailed: 10/05/2001

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Projected Publication Date: 01/10/2002

Non-Publication Request: No

Early Publication Request: No

** SMALL ENTITY **

Title

Electrical current generation system

Preliminary Class

429

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
